

DRAGON SEAL

HIGH SECURITY BAG SEAL

The Dragon Seal is designed for optimal tamper-evidence. With its unique, easy-to-apply metal locking device, large flap area and simple tear-off mechanism, this is one of the most practical bag seals for high-security applications.

Typical applications include any kind of sack or bags designed for high-value transportation. Widely used for airline cargo, bank and postal services roll-cages, clinical waste management, courier services, cash-in-transit, warehouses, tote-boxes and other applications requiring high pull strength.

STRONG INDICATIVE SECURITY SEAL WITH METAL LOCKING DEVICE

- 1] Dragon Seals are etched with permanent laser marking. Laser marking offers the highest level of security as it cannot be removed and replaced.
- 2] The large flap area allows ample space for added information and ease of identification.
- 3] The Dragon Seal has a unique stainless steel locking plate that strengthens the locking chamber and is highly tamper evident.
- 4] The new locking mechanism is easy to apply making the Dragon Seal very user-friendly.
- 5] The tear-off mechanism makes the seal easy to remove by hand.
- 6] The Dragon Seal is a long, strong and durable seal designed specifically to secure bags and sacks, with embedded spikes to provide a better grip on bags and other slippery materials.

PRODUCT	MATERIAL	LOCKING LENGTH	STRAP DIMENSIONS	PULL STRENGTH	MARKING AREA	MARKING DIGITS
DRAGON SEAL (34CM / 40CM)	POLYPROPYLENE WITH STAINLESS STEEL METAL PIN	34 CM / 40 CM	1.8 X 6.0 MM	40 KG	FLAP: 2.0 X 5.5 CM	MAX 12
