A FLEXIBLE SECURITY SEAL

The Gear Lock has more to offer. The length makes it ideal for other applications such as securing equipment, tote boxes and various warehouse and factory applications.

Standard markings include serial number, customer name /logo. A variation of bar codes can also be marked with laser technology.

Among the typical applications of the Gear Lock seal - money bags, mail bags, airline cargo, roll cages, clinical waste bags and trailers.

GEAR LOCK

LONG STURDY PLASTIC SEAL

- 1] Durable yet slim securing strap makes the Gear Lock versatile and strong.
- 2] The seal's unique perforated tear-off strap makes it easy to remove.
- 3] The Gear Lock seals are etched with permanent laser marking. Laser marking offers the highest level of security as it cannot be removed and replaced.
- 4] Finger grip design at head and tail provide better handling.
- 5] Spikes on the locking strap provide a tight grip on the applications.
- 6] The large flap area allows ample space for added information and for ease of identification.
